GREECE

IS AMAZING

BECAUSE

1. The food

Greece is the best place to try new foods. Fresh-caught seafood, a REAL gyro with tzatziki, roasted lamb with potatoes, and various goat cheeses and wine.

2. The beaches

Greek beaches consistently place in the top ten for best European beaches, the weather is perfect for beach outings from May through October.

3. The history

Greek history is ancient and there are so many artifacts and edifices that have survived thousands of years of war, turmoil, and the sheer test of time.

I CHOOSE TO BE IN EU

BECAUSE

The EU has a strong commitment to human rights, preventing discrimination and the due process of law. The European Union (EU) was formed to bring together the countries of Europe. The EU helps its member countries with issues such as trade, security, and the rights of citizens. By 2013 the group had 28 member countries. However, in 2016, one member—the United Kingdom—voted to leave the EU.

Free trade and removal of non-tariff barriers have helped reduce costs and prices for consumers. Increased trade with the EU creates jobs and higher income.

1.5 million young people have completed part of their studies in another member state with the help of the Erasmus programme. The possibility to study abroad is considered positive by 84% of EU citizens.

THINK TWICE BEFORE YOU LEAVE YOU'RE COUNTRY

1. Bring copies of your passport. If your passport gets stolen or lost you want to be sure that you can still get back into the country, or be able to prove your citizenship.

2. Make sure your credit card is valid out of your country and check if you have money in your bank account.

3. Research events going on while you're there. This will help you make sure that you're not missing the best events going on in the city — fun things like festivals, ceremonies and natural events. Also be sure to research as a few national dishes to try. You don't want to leave the country without experiencing what it's known for.

- Lost of Free movement of labour and capital that have helped to create a more flexible economy
- Without EU people will not be able to travel freely across national boundaries making trade and tourism easier and cheaper. According to the European Commission, more than 15 million EU citizens have moved to other EU countries to work or to enjoy their retirement.
- Consumers will not be free anymore to shop in any EU countries without paying any tariffs or excise duties when they return home.
- EU is famous for its Legal and human rights. The EU has a strong commitment to human rights, preventing discrimination and the due process of law. This makes the EU attractive to countries. If EU collapses all those benefits will be lost and the anarchy will take place again.
